About Magen Yehuda

During the last two decades, we are witnessing to new security reality in Israel. While the army loyal to its mission and keeps the borders of the State of Israel, a fighting inside the Israelis cities as began. If in the past it was only the army that fought against the armies of enemies, now it is the civilians that finding themselves in the fighting. So, how citizens can deal with the armed and trained terrorist groups?
Well, this is where Magen Yehuda and the 8,000 volunteers of the First Response Teams are comes into the picture.

Magen Yehuda is a not-for-profit organization run by volunteers to trains first response teams throughout Israel. It is an un political organization that acting with full cooperation with the IDF.

Established in 2004, Magen Yehuda was created by a group of people who are dedicated to the security of Israel's citizens. At that time we identified that there was a growing need for a security solution in the many small towns throughout Israel being targeted by terrorists. It became clear that the objective of the terrorists had changed; no longer were they trying to simply take hostages their goal became killing as many people as they can as quickly as possible. In these days as we all witnesses this is more relevant than ever.

Because of these circumstances there became a need to organize quick response teams in local towns who could react within minutes of an infiltration into a town. These teams are comprised of local residents who know the area and who can respond immediately to any threat.

These units were formed and are supported by the Israeli Defense Forces and were given basic equipment and weapons by the Army. Yet due to lack of funds the Army provides them with only one or two training days in a year which is simply not enough for these response teams to react to the many difficult situations that they encounter on almost a daily basis. Community first responders have become a crucial element in containing potential attacks, but the lack of appropriate training can cost lives.

Due to The security situation here in Israel the demand for professional training is increasing every day so it is imperative that you support us with your generous donation so that we can help the communities who need it most!

Feeding the hungry is hard. Restoring their dignity is even harder.

Dear Friend:

When is the last time you went to the grocery shopping with a calculator, adding up the cost of every item in your cart, to the penny, to make sure you had enough cash to cover the few items you were buying? Or maybe you felt the shame of handing food stamps to a cashier while other customers pretended not to notice.

Being broke and hungry is bad enough. Enduring public humiliation makes it worse..

Help feed the hungry in Jerusalem in the most dignified way imaginable.

I am very grateful and consider myself more than blessed that I've always been able to pay for my groceries. Unfortunately, I've known a lot of Jewish people who aren't quite as blessed. Like my friend, Yosef.

About 20 years ago, Yosef and his wife were both unemployed and actively looking for jobs. While I was unable to find them jobs, I was able to help them by paying for their groceries so their family wouldn't starve.

One day, as I was waiting outside the market for Yosef, I realized how important it was for no one to know I was paying Yosef's grocery bill.

And that's when the idea for Karen Eluzar was born.

Karen Eluzar: the charity that's equally dedicated to feeding the hungry and maintaining their dignity.

In 1989, I founded Karen Eluzar in order to help feed our Jewish brothers and sisters in Jerusalem. Thanks to my friend Yosef, I learned that no matter how hungry or poor someone may be, they deserve to be treated with dignity.

What does Karen Eluzar do to help feed the hungry? It provides generic-looking food coupons for people who can't afford to pay for their groceries. These coupons are specifically designed to look like the typical grocery coupons everyone uses so no one, from the recipient to the person working the cash register, knows they are food vouchers.

Unemployment rate is higher than ever---and getting worse every day.

All over the world, unemployment is at an all-time high. And Israel is no exception. Now more than ever, this economic crisis is crushing middle-class families all over Israel. While we can't solve this horrible situation in its entirety, we can do our part by making sure these Jewish families don't starve.

Thanks to the help of Karen Eluzar, I've seen men and women physically and psychologically change once they can buy their own groceries. I've seen them walk taller. And feel more positive. I've witnessed B'H, the transformation people make when they feel like they can do something we all take for granted---put food on their table.

Now you can make a real difference in someone's life---again.

You know how important it is not to make a poor person beg for help, or G-d forbid, feel ashamed for seeking help. And that's why, over the past few years, you generously made a donation to Karen Eluzar. And why I hope you'll give again.

Please send in your donation now, and give a family reason to sit around their table.

Please help me help these Jewish families put food on their tables. A donation of \$300 will provide enough food for one week. If you can't afford that, a donation of only \$50 will buy Shabbos food. Please give whatever you are able and I guarantee every penny you give will go directly to provide food coupons to hungry families in Jerusalem.

Just make your check out to Karen Eluzar and return it in the enclosed envelope.

Thank you in advance for your generosity once again.

Sincerely,

Rabbi M.L. Gluck
Founder, Karen Eluzar

P.S. You were so generous to us before. Please send in your \$300 donation (or whatever you can afford) to cover the cost of food for one week. Even \$50 will cover the cost of food for one Shabbos--- please give whatever you are able!
